FREE SERVICE

Making your move simple and stress-free

1. Relax, no need to lift a finger

Once your reference checks have been completed, we'll confirm all the details we need with your letting agent, so there's nothing for you to do to start using our service.

2. No tedious paperwork

We'll take on the obligation to notify the local council, water company and energy suppliers (if applicable) of a change in occupier at your new address. We'll also provide you with copies of the notices (where available) so you can be sure everything has been taken care of.

4. A personalised service

We'll discuss the types of service you'd like to receive from an energy and/or media supplier, so that we understand exactly what you need and can find the best options for your household.

3. Find the best energy prices for your new home

We'll search the wider UK energy market to find the best value gas and/or electricity tariffs. If we find one you like, we'll also do all the work to set up the energy supply, ready for when you move.

5. Set up your TV, broadband and phone services

We'll also compare the latest media offers for you, so you can be sure you're getting the best deal.

6. You're all connected!

Now you're ready to move, safe in the knowledge that your new home is fully connected and ready to go.
